(4) Students Creation	21

The Editors of the house bulletin "BMCPPERBIZ" do not necessarily agree with views expressed in the matter published in student's creation.

APPEAL TO ALUMNI

It is my great satisfaction to announce that with loving support from students, staffs and Alumni, for making promising to release ten issue of **BMCPPERBIZ-2017**.

The beauty of BMCPPER is spread all over the world by Alumni. The BMCPPERBIZ has provided the stage for student to grow their creative talent. Our Alumni secured the reputable position, being a leader, in rapid rising and competitive Pharma word. Editorial team expresses thanks to all Alumni for keeping constant touch and encouraging others to strengthen the relation with institute. Creative criticism and co-operation for further improvement of next issue of BMCPPERBIZ are most welcome.

Kindly send your achievement, articles, news and information for next issue. I am highly thankful to all the students, staff members and Alumni for their help for putting this publication before you.

Through BMCPPERBIZ let me convey my greetings and best wishes to all alumni.

Dr. Amish J. Patel

Asst. Professor

BMCPPER, Modasa

amish_patel21@yahoo.com

Dr.K. R. Patel

(M.Pharm, Ph. D)

I/C Principal, BMCPER, Modasa

Our Alumni more than 200 in abroad and around 880 in India, are settled well in academic, research, community and industries. BMCPERBIZ, a magazine of BMCPER Alumni Association and Research Society, contains news and activities of Alumni and college is truly becoming a bond between institute and Alumni. Students and staff members have dynamically participated in organizing professional activities like; IPAsponsored National Pharmacy Week, Gujarat State Pharmacy Council sponsored Refresher Course, AICTE, ICMR, and GUJCOST sponsored National Seminars.

Your active support and genuine effort will positively achieve in offering updated information of Alumni. Spare time from busy calendar to read, review and comments. Significant comments for betterment of BMCPERBIZ from reviewer will be highly acceptable. Punctual and Kind response from your side will definitely support us to make this magazine more informative and live. Overwhelm received for ninth issue of BMCPERBIZ had encourage us to put tenth issue before you.

Hope, our attempt to make link between Alumni and institution through BMCPERBIZ will become a landmark to others institution too.

I convey my best wishes and kindest regards.

Place : Modasa

Dr. K. R. Patel

President,
BMCPER Alumni Association &
Research Society, Modasa

Mr. N. R. Modi

I am pleased to write for BMCPPERBIZ, the tenth edition of the house bulletin of Alumni of Souvenir, being published by BMCPPER Alumni Association and Research Society, Modasa. Pharmacy College was established by visionary management with a commitment to provide excellent education for pharmacy student with up to date infra structural facility.

The educational program in Pharmacy is going through a difficult period in Gujarat. While Missionary management and devoted faculty members have ensured that students should acquire proficient knowledge and skill to work independently. Our dreams realized in very short span of time by well settlement of luminous and flourishing Alumni in India and abroad.

Through BMCPPERBIZ let me convey my greetings and best wishes to all the alumni.

Place: Modasa

Mr. N. R. Modi
President,
The M. L. Gandhi Higher
Educational Society, Modasa

2. Our Alumni

BMC PER Alumni (1082) are settling in India as well as spreading their wings to abroad for further progress in pharmacy profession. More than 200 BMC PER Alumni are settled in USA, Canada, UK and Australia. It is a matter of pride that some University, Pharmacy School and Department in USA are dominated by our Alumni. BMC PER BIZ 2017 highlights the information of our Alumni present all over the world.

The Butterfly (Struggles)

A man found a cocoon of a butterfly. One day a small opening appeared. He sat and watched the butterfly for several hours as it struggled to force its body through that little hole. Until it **suddenly stopped making any progress**, and looked like it was stuck.

So the man decided to help the butterfly. He took a pair of scissors and snipped off the remaining bit of the cocoon. The butterfly then emerged easily, although it had a swollen body and small, shriveled wings.

The man didn't think anything of it, and sat there waiting for the wings to enlarge to support the butterfly. But that didn't happen. The butterfly spent the rest of its life unable to fly, crawling around with tiny wings and a swollen body.

Despite the **kind heart of the man**, he didn't understand that the restricting cocoon and the struggle needed by the butterfly to get itself through the small opening were God's way of forcing fluid from the body of the butterfly into its wings to prepare itself for flying once it was out of the cocoon.

Moral of the story: Our struggles in life develop our strengths. Without struggles we never grow and never get stronger, so it's important for us to tackle challenges on our own, and not be relying on help from others.

The Obstacle In Our Path (Opportunity)

In ancient times, a King had a boulder placed on a roadway. He then hid himself and watched to see if anyone would move the boulder out of the way. Some of the

king's wealthiest merchants and courtiers came by and simply walked around it.

Many people loudly blamed the King for not keeping the roads clear, but none of them did anything about getting the stone out of the way.

A peasant then came along carrying a load of vegetables. Upon approaching the boulder, the peasant laid down his burden and tried to push the stone out of the road. After much pushing and straining, he finally succeeded.

After the peasant went back to pick up his vegetables, he noticed a purse lying in the road where the boulder had been. The purse contained many gold coins and a note from the King explaining that the gold was for the person who removed the boulder from the roadway.

Moral of the story: Every obstacle we come across in life gives us an **opportunity to improve our circumstances**, and whilst the lazy complain, the others are creating opportunities through their kind hearts, generosity and willingness to get things done.

Basic problems in Pharmacy are caused by Lack of Knowledge

INTRODUCTION:

Undoubtedly, in pharmacy field, Pharmacist plays a pivotal role in ensuring patient easy and beneficial access to medicines. It is widely viewed that most cases in our daily life that are death causing are due to

incorrect, insufficient knowledge and inappropriate behavior to dispense prescribed medications for any kind of disease to patients.

Nowadays, lack of knowledge is one of the basic reasons of lagging behind of pharmacists in our country. The pharmacy profession is just a matter of earning money and establishing business in present times. Many famous and renowned pharmacists are working only for the sake of filling their pockets either by giving fake or duplicate medicines.

As pharmacy is a life saving profession for which a pharmacist must be competent enough to deal with any kind of hurdle or barrier that appear in the medication therapy of a patient. But for this, a pharmacist must have complete knowledge about the solution of patient condition and drug behavior.

According to some of my research, I came across a method of proper dispensing of a medicine by a pharmacist which can be very helpful for a pharmacist to do his/her job in an appropriate manner:

Five “Rights” Concept:

Most health care professionals have learned the “five right” of safe medication use:

1. The right patient
2. The right drug
3. The right time
4. The right dose
5. The right route of administration

Medication Errors/Complications:

Problems arise due to negligence or insufficient knowledge about putting the five rights into practice leading to

“medication errors”. These can be minor, life threatening, dangerous or death causing.

Following errors are seen in daily practice:

1. Prescribing error:

This is the type of error or mistake is the one caused by incorrect drug selections, dose, dosage form, quantity, route, concentration, rate of administration, instructions, illegible prescriptions or medication orders.

2. Omission error:

This type of error is caused by total lack of responsibility of a pharmacist that is failure to administer an ordered dose to a patient before the next scheduled dose.

3. Wrong time error:

This type of error is the one which is caused when a pharmacist administer a medication outside a predefined time interval from its scheduled administered time.

4. Unauthorized drug error:

This is the mistake caused when a pharmacist administer medication to the patient from an illegal prescriber for the patients.

5. Improper dose error:

This error occurs when a patient have been administered such a dose that is greater than or less than the amount mentioned by the prescriber or administration of duplicate doses.

6. Wrong dosage form error:

This is due to any miscommunication or careless behavior of a pharmacist or nurse that is giving the patient a different dosage form than the one prescribed.

7. Wrong drug preparation error:

This is the error completely caused by pharmacists' lack of attention or information like if he formulates an incorrect drug product or it is degraded before administration.

8. **Wrong administration Technique**

error:

This is the problem caused by inappropriate procedure or improper technique in the administration of a drug.

9. **Deteriorated drug error:**

This is the drug error caused by administration of a drug that has expired or physical or chemical dosage form integrity. Error occurs due to the irresponsible behavior of medical staff that causes dangerous effects.

10. **Monitoring error:**

This is the mistake on part of a pharmacist in reviewing lab or clinical data for the assessment of condition of the patient to check whether he/she is improving or not. A Pharmacist must be much aware of these things.

Conclusion:

So to avoid these errors and further more complications which can be arise because of these, the pharmacist or any medical staff should devote him/her to this life saving profession. He/she should have to gain knowledge to its highest point and should achieve a level equal to that of a doctor in a society. It is also vital that the pharmacist devote careful attention to dispensing process and gain proper knowledge about all the methods to ensure that errors are not introduced at that point in the medication

process. If needed a pharmacist should cooperate and seek help with a prescriber to maintain proper chain of treatments of patients through right medicines by right way.

You Will Never See Me Fall

You may see me struggle,
but you won't see me fall.
Regardless if I'm weak or not,
I'm going to stand tall.
Everyone says life is easy,
but truly living it is not.
Times get hard,
people struggle
and constantly get put on the spot.
I'm going to wear the biggest smile
even though I want to cry.
I'm going to fight to live,
even though I'm destined to die.
And even though it's hard
and I may struggle through it all,
you may see me struggle...
but you will NEVER see me fall.

This Is A Daily Reminder

This is a daily reminder
To relax,
To not get angry over small things,
To stay calm.

This is a daily reminder
To be yourself,
To not care what people think,
To know you can be anything.

This is a daily reminder
To love yourself,
To not hurt yourself,
To not work yourself up.

This is a daily reminder
That you are beautiful,
That you are amazing,
That you will succeed.

This is a daily reminder
To always have hope,
To have faith,
To know everything will be okay.

This is a daily reminder
That you have made it so far already,
That you haven't given up,
That whatever you're doing is right,
And that you are going to be amazing.

Don't give up.
Keep holding on and believing.
